

LG 1010 Antenna Replacement

How to replace the antenna in a LG1010 cellular phone.

Written By: Nicholas Schmidt

Step 1 — Battery

- Turn off the cell phone and place face down on a flat surface.

Step 2

- While sliding the gray tab up, lift battery up and away from the cell phone.

Step 3

- Remove battery and set aside.

Step 4 — Antenna

- While holding cell phone firmly in one hand, unscrew and remove the antenna with the other hand.

Step 5

- Pull the antenna housing (black tube) towards bottom of phone and remove.

To reassemble your device, follow these instructions in reverse order.
